

## Super-efficient VRF technology, no matter how long you use it.

From daybreak to sunset, the energy-efficient choice is the ECOi 2 Way Multi Electric VRF. Specifically designed to reduce power consumption and CO<sub>2</sub> emissions by using the latest DC inverter technology, it provides a class-leading COP rating of 4,1.

Simple to install and maintain, it connects up to 40 indoor units on one system. With cooling down to -15°C and sound levels from just 54dB(A), it's the hard-working system for hard-working people.

To find out more, please call ACB Airconditioning or visit their website.
